

TUGS GET SOLID HOLD ON SUNKEN SUBMARINE

Resumption of Work of Raising U. S. F-4. With Promise of Success.

HONOLULU, T. H., April 7.—Dragging for the lost submarine F-4 was begun again late yesterday afternoon by the tugs Navajo and Intrepid. It was reported that a solid hold had been secured on the submarine with a two-and-one-half-inch cable.

This holding cable then was transferred to the dredge derrick, and it was said the two tugs would continue dragging with cables until four are attached, two fore and two aft of the diver.

When a hold is secured with these cables an attempt will be made to raise the F-4 by means of specially built pontoon scows, the construction of which it is reported would be completed by the end of the week. The scows have a combined capacity of lifting 520 tons.

Rear Admiral Moore's Report.

Rear Admiral Moore, commander of the naval station at Honolulu, today sent this report to Secretary Daniels:

"No new developments. Are fitting pontoon scows with hoisting apparatus for lifting. Are working overtime expediting as much as possible. Feel sure everything ready before arrival of the 'Sigsbee'."

It is expected that the cruiser Maryland, which left San Francisco yesterday with divers and equipment, will reach Honolulu Saturday. Stephen J. Drelichak, said to hold the world diving record for depth, and other experts from the Brooklyn navy yard were aboard.

HARVESTER TRUST CASE IS ARGUED ON APPEAL

Lawyers for Corporation Deny Large Aggregations of Capital Are Outlawed.

The appeal of the International Harvester Company from the decision of the federal district court in Minnesota holding it a combination in violation of the Sherman anti-trust law and ordering its dissolution into at least three competing parts was up for argument today before the Supreme Court of the United States.

On the ground that the case was of unusual importance the attorneys concerned were permitted to argue for extra time for the arguments.

Claim Change of Policy.

Harvester company lawyers filed a printed reply to the government brief declaring that the government has asked that the Standard Oil decision be set aside, and that the court hold that a combination having a preponderant proportion of business secured by purchase of competing concerns be declared unlawful. It was urged that was a new doctrine which the government would substitute for the "rule of reason."

Not Forbidden by Law.

After declaring large aggregations of wealth were not forbidden by the Sherman anti-trust law, it added that the federal trade commission act and the Clayton anti-trust act "evidenced an intention, not so much to disturb the ownership of property, but to enjoin the means by which large concerns might seek to eliminate competition."

INDEX TO FACT MINE.

Bureau of Labor Statistics Are to Be Made Available.

The great mass of valuable information which is contained in the thousands of publications which have been issued by the bureau of labor statistics now is to be opened wide and made easy of access through the means of an index. Dr. Royce Meeker, chief of the bureau, said this morning that the bureau had just entered upon the matter of indexing and tabulating the data contained in the reports.

For years, he said, valuable data has been buried, and any one seeking information on a particular subject was compelled to go through practically every volume in the bureau's library in order to get it.

"With this condition continuing to prevail," said Dr. Meeker, "the volumes might as well have been put in a fireproof, burglarproof, bombproof vault and buried in the ground under forty feet of rock. The information contained in them represents years of study, and it is very valuable, but difficult to locate."

"I have decided to have this corrected by the preparation of a comprehensive index, showing every matter which can be found in the volumes of the bureau."

SHERIFF THWARTS LYNCHERS.

Hurries Prisoner Away in Automobile as Mob Nears Jail.

LEWISBURG, W. Va., April 7.—John Stewart, a negro, who last Sunday killed George J. Shires, chief of police of Ronceverte, W. Va., and later was captured at Covington, Va., narrowly escaped lynching yesterday.

Stewart was brought here Monday and placed in the county jail. Soon after midnight the sheriff learned that a mob had formed at Ronceverte, and reinforced by men from the lumber camps near White Sulphur Springs, was on its way to Lewisburg.

He hurried Stewart into an automobile and drove out of town as the mob entered by another road.

Little Stories for Bedtime

By THORNTON W. BURGESS.
(Copyright, 1915, by J. G. Lloyd.)

Jimmy Skunk Sees His Friends

Jimmy Skunk scratched his head thoughtfully as he watched Old Mr. Toad go down the Lone Little Path, hop, hop, hip-hip-hop, toward the Smiling Pool. He certainly was puzzled, was Jimmy Skunk. If Old Mr. Toad had told him that he could find Jimmy would not have been more surprised or found it harder to believe than that Old Mr. Toad had a beautiful voice. The truth is Jimmy didn't believe it. He thought that Old Mr. Toad was trying to fool him.

Presently Peter Rabbit came along. He found Jimmy Skunk sitting in a brown study. He had quite forgotten to look for fat beetles, and when he forgot to do that you may make up your mind that Jimmy is doing some hard thinking.

"Hello, old Striped Coat, what have you got on your mind this fine morning?" cried Peter Rabbit.

"Hi," said Jimmy simply, pointing to the Lone Little Path.

Peter looked. "Do you mean Old Mr. Toad?" asked Peter.

Jimmy nodded. "Do you see anything queer about him?" he asked in his turn.

Peter stared down the Lone Little Path. "No," he replied, "except that he seems in a great hurry."

"That's just it," Jimmy returned promptly. "Did you ever see him hurry unless he was frightened?"

Peter confessed that he never had. "Well, he isn't frightened now, yet just look at him go," retorted Jimmy. "He's got a beautiful voice, and that he has to take part in the spring chorus at the Smiling Pool, and that he is late."

Peter looked very hard at Jimmy to see if he was joking or telling the truth. Jimmy began to laugh. "Old Mr. Toad sing! the very idea!" he cried. "He can sing about as much as I can, and that is not at all."

Jimmy grinned. "I think he's crazy, if you ask me," said he. "And yet he was just as earnest about it as if it were really so. I think he must have eaten something that has gone to his head."

"DO YOU MEAN OLD MR. TOAD?" ASKED PETER.

There's One Billy Possum over there. Let's ask him what he thinks."

So Jimmy and Peter joined One Billy, and Jimmy told the story about Old Mr. Toad all over again. One Billy chuckled and laughed just as they had at the idea of Old Mr. Toad's saying he had a beautiful voice. But One Billy had a shrewd little head on his shoulders.

After a few minutes he stopped laughing.

"Ah don't learn a right smart long time ago that 'Ah don't know' all there is to know about mah neighbors," said he. "We-uns done think of Brer Toad as ugly lookin' fo' so long that we-uns may have overlooked something. Ah don't reckon Brer Toad can sing, but Ah 'low that perhaps he thinks he can."

EASY TO DARKEN YOUR GRAY HAIR

Try this! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound."

You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

What do you-alls say to we-uns going down to the Smiling Pool and finding out what he really is up to?"

"The very thing!" cried Peter, kicking up his heels. "You know, Peter is always ready to go anywhere or do anything that will satisfy his curiosity."

Jimmy Skunk thought it over for a few minutes, and then he decided that as he hadn't anything particular to do, and as he might find some fat beetles on the way, he would go, too. So off they started after Old Mr. Toad—Peter Rabbit in the lead, as usual; One Billy Possum next, grinning only as he can grin, and in the rear Jimmy Skunk, taking his time and keeping a sharp eye out for fat beetles.

RULING ON GERMAN EXPORTS.

British Embassy Gives Statement Regarding American Purchases.

Great Britain's ruling on the status before the prize court of goods bought and paid for in Germany before March 1 has been given out by the British embassy here in response to inquiries made by the chamber of commerce of the United States on behalf of importers of German goods shipped through Rotterdam, and for other American importers.

The embassy statement follows: "The British embassy are authorized to state that in cases where a merchant vessel sails from a port other than a German port carrying goods of enemy origin for which American importers claim to have made payment prior to March 1, 1915, proofs that such goods were paid for before March 1 may be submitted for examination to the embassy."

"If such proofs are presented at a sufficiently early stage to enable the report thereon to be communicated in time to the British authorities the results of the investigation will be taken into account and due weight attached to them in deciding whether the goods concerned should be discharged under the provisions of article IV of the order in council of March 11."
